Delivering 135 pounds of food and a \$35 check to the Akeley/Nevis food shelf last Tuesday for the last day of the March Minnesota FoodShare food drive, the Akeley youth helped to make this year's drive a record-breaking year. With the final tally still out, the total amount raised to date is \$9,556.61 and 824.6 pounds of grocery items. These funds will be matched by Minnesota FoodShare. Funds and food collected in April will receive incentive funds from the Feinstein Challenge. "If anybody still wants to give, we'll receive those incentive funds as well," said Karen Hoff, director of the Akeley/Nevis food shelf.
